

L-Bracket Installation Guide

Tape Mounting Instructions

* Tape mounting is only recommended for mirrors or other similar flat surfaces free of imperfections.

1 Clean flat surface with an abrasive cleanser. Dry surface thoroughly.

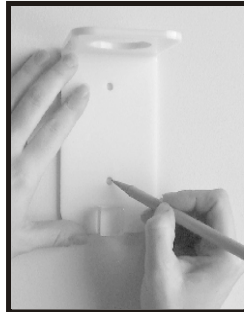

2 Remove protective backing from tape as shown and press dispenser against mounting surface for at least 10 seconds.

Screw Mounting Instructions

* Recommended for surfaces that do not meet the standards set forth for Tape Mounting in the section above.

1 Place bracket in desired location and mark drill holes.

2 Using appropriate drill size, drill holes.

* Make sure there are no electrical wires, plumbing, or gas lines in the vicinity before drilling.

3 Use tape to mount to wall.

* Hold firmly for 10 seconds. Clean the intended surface before attaching bracket. Allow proper time for surface to dry

4 Secure with screws

* Screwing L-bracket to wall is strongly recommended for increased durability.

Product Installation

1 Unscrew and remove pump portion from bottle.

2 Position open bottle up through the hole in the secured L-bracket.

3 Place pump through top of bracket and turn clockwise to tighten to bottle.

* Make sure that pump is facing forward before tightening the bottle.
